
ACTIVISM

The topic 'activism' is often talked about – so what is it?

As Unionists, we are all connected through collective efforts in determining a way forward whether it be to workshop a particular agreement matter, or organise May Day and Picnic family Day; or to ensure that all sectors are included like youth, veterans, women and indigenous. All very important to collective thought and input to our Union.

Individually there are some clever people among our membership and when we get together collectively, there are more often than not, some very positive outcomes. There are far more issues that unite us than there ever will be to divide us; so when we are talking 'activists' on the job, let's encourage it.

Collective activism – your Union.

Who are you?

Are you an ACTIVE member, the kind that would be missed?

Or are you just contented that your name is on the list?

Do you attend the meeting and mingle with your flock?

Or stay at home in the comfort to criticise and knock?

Do you play an ACTIVE part to help your mates along?

Or are you merely satisfied just simply to belong?

Think it over members, you know right from wrong - -

Are you an ACTIVE member, or do you just belong.
