

# INFORMATION SEMINAR

## Maritime Super is holding an information seminar for Hutchison Ports in October.

Learn all about your membership benefits with Maritime Super including contributions, insurance and investments. Did you know from 1 July most of us can now contribute more to super at concessional tax rates?

We'll provide an update on investment performance and the investment market outlook. We'll also provide some insights on our latest Managed Volatility Process available in the Growth and Balanced options, along with the other investment options available to you.

Our financial planners will be available to help answer any questions you may have.

**We look forward to seeing you there!**
